

Chemicals for closing your SALT WATER pool

Always balance the pool chemistry before closing your pool

Hassle Free Closing Kit- 1 kit/ 20k gallons

Contains Metal Free & Pool Magic +Phos free

1. Add Metal Free (Hassle Free Kit)- 1 bottle/ 20k gallons
Used for stain and scale prevention over the winter

Wait at 4 hours or more

2. Add Shock: **Choose one**
Liquid Chlorine 1 gal/ 12,000 gallons
Oxy Out 1lb/ 10,000 gallons (if you have a good chlorine level)

Wait 24 hours

3. Add Pool Magic + Phos free (Hassle Free Kit) - 1 bottle/ 25k gallons
Used to reduce organic build up and control phosphates during off season
Add right before covering your pool (this product can be added after pump is turned off)

Mesh Covers: Use 1 bottle of Pool Magic + Phos free/ 25k gallons each month this winter season to prevent a messy spring clean up! You can pour it right over your mesh cover!
