

Closing Chemicals for Frog, Chlorine or Bromine Pools

Always balance the pool chemistry before closing your pool

1. Add Scale & Stain Control

1 bottle/ 20,000 gallons

Wait 4 or more hours

2. Add Shock: **Choose one**

Refresh Shock 1lb/ 10,000 gallons (**not with salt**)

Liquid Chlorine 1 gal/ 12,000 gallons

Oxy Out 1lb/ 10,000 gallons (if you have a good chlorine level)

Wait 24 hours

3. Add an Algaecide: **Choose One**

Formula 500 1 bottle/ 10,000 gallons

Formula 6000 1 bottle/ 20,000 gallons

SeaKlear 90 day **copper based algaecide** 1 bottle/ 20,000 gallons

Wait 4 or more hours

4. Pool Magic + Phos Free: Phosphate & Organics control

A great chemical to use with Mesh Covers

Add one bottle/ 25,000 gallons right before covering the pool
